

IT TAKES FIVE ...

*It takes five to keep a match alive,
But it begins with one.*

*One parent, one guardian, one hero,
To step forward with courage;
To say I need help with
my family — my child.*

*One Little, one youngster, one child,
To wish for a special friend
who is all their own;
To share dreams, fears, hope,
joy, and laughter with.*

*One volunteer, one Big Brother,
One Big Sister,
To reachout and change
a child's world;
To be a positive role model
and mentor.*

*One staff, one team, one group
of dedicated people,
To make a match that
sometimes can last a lifetime;
To support the vision and
complete the mission.*

*One donor, one match maker,
one memory maker,
To invest in mentoring a child;
To improve our community
and our future.*

*It begins with one,
But it takes five
to keep a match alive!*

JORDAN ... Little Brother to Big Brother Jerry

Learning from Jerry has been really rewarding.
The more experience you get with your Big,
the better it is.

”

“

**JERRY... Big Brother to
Little Brother Jordan**

He's an amazing kid.
He's genuine about
what he does and it's
kindof neat to see how
passionate he was
about looking at
schools and programs
and doing that all
himself.

“

**JANISE COLON ... Mother
to Little Brother Jordan**

I am extremely grateful
and thankful that
he was matched up
with Jerry. Jordan has
gained a lifelong friend
outside of the program.

“

CORRINE DAVIS... Big Futures Program Manager

It has been such a joy to watch Jerry and Jordan live out
the heart of 'It takes Little to be Big.' Their commitment
to each other shines through every step of their journey.

”

TO KEEP A MATCH ALIVE.
